Training Program

**Develop THAI Training course on
“Climate Change Adaptation”**

(in Thai language)

Experience on developing a THAI Training course on “Climate Change Adaptation”

Development Team

- Thailand Greenhouse Gas Management Organization
- **Kasetsart University,**
- **Chulalongkorn University**

Target Group

- **Government officer**
- **MONRE Regional Environment officers**
- **Provincial Officers**
- **Central Government officers** from related organizations

Case Study

Climate change risk:

Impacts on

- water resources management,
- agriculture and
- forestry

in Chiang Mai and Nan Provinces, Thailand.

THAI training workshop on Climate Change Impact Management At the City and Community Level

6-7 September 2017, Bangkok

Target Group:

Municipalities (Local government officers)

Objectives:

- Provide knowledge on climate change adaptation
- Raise awareness on climate change risks at the city and community level
- Build network for exchanging and sharing knowledge on climate change adaptation

Participants: 30 persons

Climate Change Resilient City Game (Board Game)

1st THAI Training Course on Climate Change Adaptation

27-29 August 2018

at Kasetsart University

Developing a training course on
“Climate Change Adaptation” for ASEAN

Developing a training course on “Climate Change Adaptation” for ASEAN

Principle:

Practical training on designing and mainstreaming
climate change adaptation into **policy** development and implementation

Target group:

At least 2 trainees per country

- 1 Officer from policy development agency
- 1 technical expert, or officer from related organization

Training plan:

Expected to organize the training in September 2019
in Bangkok, Thailand

Expected outcomes for target group:

Policy Development Trainees

will gain knowledge on

- **concept of climate change adaptation;**
- **Impact assessment**
- **Vulnerability assessment**
- **Prioritization**

Technical Expert/ Related Agency trainees

will gain-and-share knowledge and skills on

- **long term adaptation policy** and planning;
- Linkages between **international policy and country's planning**
i.e. NAP, implementation plan of the Paris agreement, national development plan
- **Methodology on the integration adaptation concept** into local policy planning
- **Monitoring and evaluation (M&E)**

**We need
further
collaboration**

Memorandum of cooperation on Capacity Building on Climate Change

South-South Cooperation

- **TGO & Department of Climate Change (DCC),** Ministry of Natural Resources and Environment (MONRE), Vietnam, 29 August 2017
- **TGO & Vietnam National University (VNU),** 30 August 2017
- **MoNRE Thailand & MoNRE Lao PDR**
MoC on Natural Resources and Environment Cooperation, 20 July 2017

North-South Cooperation

- **TGO & JICA:** 13 January 2017 (Record of Discussion)
- **TGO & OECC:** 28 March 2018

Joint Seminar “Effective mainstreaming of climate change policies into practice”

Department of Climate Change, Vietnam & TGO CITC

30 October 2018
