

Shedding a light on GHG emission in supply chain in Asia

-Partnership to Strengthen Transparency for co-Innovation (PaSTI)-
10:30-12:00(UTC+2), 15 November 2022

This event will provide an opportunity to sharing lesson learned in order to promote transparency activities in the ASEAN regions. The panel discussion will be an excellent opportunity to exchange information and views including the financial incentives and discuss how to effectively engage private companies centered on the supply chain and GHG emission disclosure.
